## F O R E W O R D

---

THE present exhibition of the Toledo Federation of Art Societies is a departure from the precedent of previous years in that artists have been invited to send a specific number of works in each of several classes and no selection has been made by jury or otherwise of the works submitted. In other words, every work offered is shown in the exhibition save in a very few instances where a single artist submitted more than the prescribed limit in a given class or submitted work which did not fall within any of the classifications announced in the circular.

This non-competitive exhibition is being held in the hope that it will bring forth a new stimulus to the art activity of Toledo.

Many of the exhibited works are for sale and prices may be had at the office.
